"This is my 2nd review on Christmas party's here and again a wonderful experience. From arrival to be greeted with yummy mulled wine to the magnificent meal we were served the staff could not be more helpful. The roast beef was mouth watering and cut like butter. I can still taste it now. We were hosted over by George who ensured that everything was perfect and it was. Thank you staff and George for another great party . We will be back"

The background of the entire image is a dark, almost black, field filled with numerous small, bright golden-yellow dots and larger, soft, out-of-focus circular bokeh lights. These lights vary in size and intensity, creating a shimmering, starry effect. The overall aesthetic is elegant and sophisticated, typical of a high-end hotel's branding.
